

TLC

Heavy Duty Flail Mower For 30 - 100 hp Tractors*

Mulching teeth are available as an option to order

The TLC Heavy Duty Flail Mower is perfect for mowing and shredding dense grass, brush and small trees up to around 3" in diameter.

They cut/mulch finer than rotary cutters and provide a more even finish. This mower also features a heavy duty rear roller and has optional side skids.

TLC mowers are also available with the steel mulching teeth (see image) for greater mulching, please contact us directly regarding this option.

Model	Overall Width (inches)	Cutting Width (inches)	Weight (lb)	PTO Speed (RPM)	Required Tractor HP*	# Of Flails	# Of Drive Belts	Price \$
TLC 140	61	57	990	540	30-50	10	3	5790
TLC 150	70	65	1030	540	40-60	11	4	6090
TLC 180	77	72	1170	540	50-70	12	4	6590
TLC 200	84	79	1270	540	60-80	13	4	6990
TLC 220	93	88	1320	540	70-100	15	4	7490

* The higher end of the horsepower range is recommended if cutting taller/thicker grass or denser brush.

Standard Equipment

- Three Point Linkage (With Pins), PTO Shaft (With Heavy Shield).
- Heavy Duty Gearbox (With Free Wheel Feature).
- Front Rubber Flap & Safety Chains To Help Control Flying Debris.
- Electronically Balanced, Heavy Duty Rotor, With Heavy Duty Tri-Tooth Flails and Heavy Duty Flail Hangers.
- Internal Steel Counter-Blades To Help With Mulching.
- Heavy Duty Adjustable Steel Roller, With Scraper.
- Opening Rear Shield To Let Heavy Material Discharge.
- High Quality Paint

Options

Lateral Skids

If the mower is to be used for long distances, especially on undulating ground, we recommend the lateral skids on both ends. This reduces the wear on ends of the mower frame (under most conditions the mower weight will be on the rear roller).
